POETRY.

I AM NEVER WEARY.

BY MRS. WELLS, DAUGHTER OF THE ARCHBISHOP OF DUBLIN, COMPOSED UPON HER DEATH-BED.

Jesus, I am never weary,
When upon this bed of pain;
If thy presence only cheers me,
All my ills I count but gain.

Dear ones come with fruit and flowers
To cheer my heart the while;
In these deeply anxious hours,
Oh! if Jesus only smile.

Can these trembling fears beguile
All my sins were laid upon Thee;
All my griefs were on Thee laid;
In the blood of Thine atonement.

All my utmost debts has paid:
Dearest Saviour
I believe for thou hast said:
Dearest Saviour! go not from me,

Dearest Saviour! go not from me,
Let thy presence still abide;
Look in tenderest love upon me,
I am sheltering at thy side.

Dearest Saviour!
Who for suffering sinners died,
Both mine arms are clasped around Thee,
And my head is on thy breast;

For my weary soul has found Thee,
Such a perfect perfect rest.
Dearest Saviour,
Now I have that I am blest.

organization of the Catawba Valley Land Company. As the incorporators, it is with pleasure we announce to the public the organization of the Catawba Valley Land Company. With a full Board of Directors, and a full corps of competent and reliable officers we predict a brilliant future and successful career for this useful and benevolent institution.

In appearing then before the people of this and other States as candidates for public patronage, it is but due to the opinion of those whose confidence and esteem we hope to merit, that some at least of the objects had in view by the incorporators of this company should be made known. It is not, however, the purpose here to enter into details and to elaborate the many reasons which induced its friends to ask of the Legislature of North Carolina the present charter with its liberal and benevolent provisions; sufficient to say, that one great and prominent question kept constantly before their eyes, was, as to the best means to be adopted by which the large and profitless surplus of our landed interest could be disposed of in the shortest period of time and to the greatest advantage to our people and State. This we may say was the main reason which led to the application, and the one most apparent to the inquisitive investigations of every curious inquiring mind. Impoverished as our people have been by the results of a terrible and disastrous war, with little else left them to call their own except their wasted lands, with comparatively no market for these by the ordinary mode of conveying them with limited capital to supply the wants of business, the great and growing scarcity of money, and the reluctance of immigration to seek among us pleasant homes and fertile farms, we have been induced to ask of a generous Legislature the present mode of disposing of real estate. We have, we are pleased to say, every encouragement for believing that our plan will be successful; alike remunerative to the friends of the enterprise, and beneficial to our charitable and educational institutions by contributing as required by the charter a portion of our revenues in aid of the Poor and School Funds of the State. The friends of this enterprise are well aware of the prejudices that have long existed in the minds of our people against lotteries, and in many cases against good reason.

Appointing therefore the difficulties with which they will necessarily be a time be called upon to contend, they have endeavored by the selection of gentlemen of known character and integrity as officers to fill the different departments to quiet the apprehensions of the scrupulous and incredulous. In this respect at least they can now flatter themselves that they have been exceedingly fortunate in procuring the services of such old and well known citizens as Messrs. W. F. Davidson and A. B. Martin to fill the important offices of President and Treasurer. This announcement will be at once an earnest to the public of an anxious and settled determination on the part of the company to carry out to the letter the provisions of their charter, and to discharge faithfully all trusts confided to their keeping and management. The granting of lottery powers in this State is by no means a novelty much less an innovation upon the history of our legislation. An act was obtained appointing four Commissioners in Wilmington in the year 1760 for the purpose of raising funds by the exercise of lottery powers, to be expended in furnishing two churches in the Parishes of St. James and St. Phillips, in the county of New Hanover. Another act was also obtained in or about the year 1836, for the purpose of supplying the necessary funds with which to erect a Masonic Hall at Hillsboro. These enterprises were managed by, and received the approval of the most prominent and influential men of their day and time in the State. A charter therefore to enable our people to dispose of the surplus of their lands with greater facility and certainty, and to convert their dead capital into active, available and profitable means, cannot be looked upon as a powerful lever in developing the resources of the State, adding wealth to the depleted coffers of our poverty stricken people, and as a benevolent and charitable institution contributing to the intellectual and civilizing of the suffering condition of a large

and unfortunate class of our citizens, who have been reduced to a state of almost hopeless pauperism. The operations of this Company, carrying out the objects contemplated in the charter as may be hereafter seen in the arrangements of their schemes and plans of distribution, will be confined exclusively to the disposal of real estate by the sale of certificates, and no prizes other than simple prizes for realty, or optional prizes based on realty, will be incorporated in any scheme or awarded at any distribution. From the character of the men placed at the head of the affairs of this Company, the country has a guaranty that the purposes for which it has been incorporated will be strictly adhered to, and public confidence not misplaced or abused. Hoping therefore by a uniform system of integrity and fair dealing to commend this institution to the favorable consideration of the public we respectfully refer all persons desirous of making sales of their real estate through the agency of this company to the President's advertisement which will be found below.

Respectfully,
H. M. PRITCHARD,
JOHN PHELAN,
S. C. BARNETT,
E. A. McLEOD,
W. W. GRIER,
S. W. DAVIS,
Incorporators.

Catawba Valley Land Company
Desirous of arranging at the earliest possible day, a scheme for the first distribution, notice is now given to all persons wishing to dispose of their lands or other real estate, through the agency of this Company, to file at once with the President, bonds for titles. No lands or other property will be entered for sale unless the titles are clear and unincumbered, and in all cases when necessary, the acknowledgment of the wife must be had. Properties will not be taken at extravagant or fabulous valuations, and before entering the same on the books of the company for sale, a small entrance fee will be required of each person to be paid.

for Anthracite or Bituminous coal, have been in successful operation for the last ten years, and have proved to be the best Fire-place Heaters manufactured and put in operation. They are getting to be generally used, often in the place of Furnaces, for heating the lower and upper rooms in dwellings and offices. Two or three stoves heating the largest and most comfortable of an open grate fire, but more economical, clearer, and radiating a LARGER AMOUNT OF HEAT. We can refer to thousands of families who have them in use.

We manufacture our own COOKING STOVES, and we guarantee them to be equal to any sold for heating and cooking. We have stoves to take in long wood and with large ovens, and are superior stoves for baking. We are getting out some new patterns of Cooking Stoves, that will burn Bituminous coal, hard coal, or wood. They will have a beautiful finish, and will stand among the No. 1 Cook Stoves. Our Cooking Stoves are Baltimore made, and we guarantee the plates. Our Cooking Ranges are pronounced the best and cheapest in the market. Baking of all kinds can be done in our Ranges as quickly and equally as well as in a brick oven. We will manufacture S. B. SEXTON'S new Patent Hot-Air Furnaces, warranted to burn from 30 to 70 hours with once filled.

Thankful to our friends and the public for their past favors, we solicit a continuance of their patronage.

CAUTION!
We desire to warn the dealers in, and consumers of snuff generally, that since the war, certain "counterfeit" manufacturers, being unable to find a market for their snuff, have been obliged to counterfeit the general appearance of our packages, and imitate our Trade Mark, so that the public are deceived, and the legitimate business of our firm is injured.

In making this publication we desire to warn the public against the impositions practiced upon them, as they are the losers thereby. It will be found upon comparison that the legitimate snuff, as sold by us, is of a different color, and is marked with a "W. N. F." on all of our labels, being the best of the best stock, after an original and secret process known only to ourselves, besides possessing great strength and pungency, and is warranted not to contain any dangerous or deleterious substances, which cannot be said of the many worthless snuffs put on sale by others. The best is the cheapest in the end. A circular will always be mailed on application. In ordering please specify if sent by mail, or by Express, or by Freight (Extra) to New York.
